

**Declaration of Compliance according to VDE V 0126-1-1**

for the following products

**SM2000S, SM3000S, SM4200S, SM6000S**

issued by **Sputnik Engineering AG Biel/Bienne, Switzerland**

Sputnik Engineering AG hereby confirms that a compliance certificate exists for the "self-actuating isolating device" relating to the above products. This compliance certificate is issued by the BGFE (Professional Association of Precision Mechanics and Electrical Engineering) in accordance with test standard DIN V VDE V 0126-1-1: 2006-02.

The compliance certificate, available in German only, can be downloaded at [www.solarmax.com](http://www.solarmax.com)

**The "self-actuating isolating device" is deemed to be an equivalent substitute for a switching device with disconnect function accessible at any time to a power utility.**

Biel/Bienne, the 09.01.2008

**Sputnik Engineering AG**
